N. A. M. AND M. SOCIETY.

FALL MEETING—FIRST DAY.

A beautiful day, mellow enough to usher in October, an excellent track and liberal purses combined to call forth a good attendance at yesterday's Carson races. The liberal pool selling dispelled the illusion of dull times.

The first race was trotting, mile heats, 3 in 5, 2:50 class, free for all Nevada trotters, as well as all horses from Sierra, Lassen, Plumas and Modoc Counties, California, and Grant and Lake Counties, Oregon, for a purse of \$300. The entries for this race were Moulthrop's g. s. "William Tell," Cochran's blk. g. "Dan Bidwell" and French's b. g. "Pest." The Judges were Frank Osbiston and R. M. Duggett, the Timers Joe Stewart and L. N. Breed. The horses were called up about 1:30 o'clock p. m., "Bidwell" having the pole, and after the usual vexatious scoring were tapped off for the

FIRST HEAT.

"Bidwell" led from the score, "Tell" showing a good second, while "Pest" made a hopeless third. At the half mile pole, which was made in 1:27, the black was about two lengths ahead of the gray, the bay gelding being virtually out of the race. At the three-quarter pole "Bidwell" and "Tell" were about neck and neck, which position they maintained down the home stretch, the black being slightly in advance as the score was crossed in 2:55. Bidwell's heat, Tell second and Pest on the wrong side of the distance flag. Tell trotted the heat without a skip, while his successful competitor indulged in a liberal amount of what horsemen understand as "skiving."

SECOND HEAT.

Bidwell, as in the former heat, led on the start, the gray trailing and trotting squarely and lapping the black just after passing the half mile pole, from which point it was plain enough that the heat was Tell's. The black broke badly at the three-quarter pole, caught himself neatly but broke again, while the gray trotted home, crossing the score in 2:55, about four lengths ahead.

THIRD HEAT.

This was nearly a repetition of the second heat, and may be disposed of by saying that Tell was the winner by two lengths in the improved time of 4:01, Bidwell sandwiching in over a liberal quantity of running, while the gray confined himself to the legitimate in the way of square, honest trotting.

FOURTH HEAT.

This, like the former heat, was an easy going thing for Tell, who collared Bidwell as the quarter pole, keeping him close company now the homestretch and running the heat with ease in 3:57.

SUMMARY.

Course of the N. A. M. & M. Society, Friday, Oct. 1st, 1878. Trotting purse, mile heats for a purse of \$300.

Time—2:55, 2:55, 2:49, 2:57. For the second race, mile heats, 3 in 5, 2:40 class, for a purse of \$750, there were three entries: J. Cochran names s. g. "Ashley," Dan Denison, names br. m. "Maggie C" and Dolph Shane, names ch. m. "Belle H." The last named was the favorite in the pools, "Maggie C" being second and "Ashley" third choice. The positions were as follows: "Belle H" first, "Maggie C" second, and "Ashley" outside for the

FIRST HEAT.

Which was the first heat ever trotted on this track. "Belle H" led for the first quarter, dropping back between the quarter and half mile pole, "Maggie C" taking first place with "Ashley" near at hand, in which position they came into the quarter stretch, when the chestnut mare came down handsomely to her work. It was a beautiful contest home, but it was plain that it was "Belle H's" heat, she crossing the score three lengths ahead of "Ashley," "Maggie C" close at hand. Time 2:37.

SECOND HEAT.

In this "Belle H" dropped behind, trotting a traveling race for the greater part of the mile, "Maggie C" leading, with "Ashley" almost at her side, but after passing the half pole "Belle H" went by "Ashley" commenced the work of closing the gap between herself and the brown mare, and entering the quarter stretch they were neck and neck. "Belle" made a break coming home, but gathered herself nimbly, and crossing the score she and "Maggie C" were so close together that the Judge decided it a dead heat in 2:34.

THIRD HEAT.

Immediately following the tap of the bell "Maggie C" took a front position, followed by "Ashley," breaking badly, "Belle H" trailing, as before. At the half mile pole the three were huddled together, in which condition they entered the stretch. The race home was a hot one between "Maggie C" and "Ashley," the chestnut mare falling behind. "Ashley" crossed the score a few lengths in the lead of "Maggie C" "Belle" jogging in a bad third. Time 2:32.

FOURTH HEAT.

The result of the third heat made "Ashley" somewhat of a favorite, and consequently he was anxiously watched as he pressed "Maggie C" closely around to the quarter pole, she

trotting squarely, the horse doing his usual share of running. "Belle H" following the old tactics, was behind a greater part of the mile, but in good time came handsomely to the front, winning the heat easily in 2:34, "Ashley" second and "Maggie C" third.

Evening coming on, it was decided to run the half-mile dash between the trotting heats. For this race there were the following entries: L. Anderson's "Cousin Vic," M. M. Allen's "Madge Duke," A. Shane's "Illusion," C. Hoffman's "Weasel," A. B. Bowles' "Dice Box," the horses having their positions in the above order. This was a blood race, all of the horses being of the royal line, and a \$200 Society purse was an incentive for splendid running. The race was won by the Carson favorite "Illusion," in 49 seconds, "Dice Box" being second, "Weasel" third, and "Cousin Vic" fourth. The rider of "Madge Duke" was thrown.

FIFTH HEAT.

The struggle for this heat was down to "Belle H." and "Ashley," "Maggie C." showing her overwork in the former heats. From the start it was exciting work between the two first named, "Maggie" breaking badly, and leaving the others to settle the heat and probably the race between themselves. It was a rattling heat between the horse and "Belle," but the latter at the close lengthened herself out beautifully, picked herself up gracefully, and jogged under the line in 3:39, winning the heat, race and purse, "Ashley" second, and "Maggie C." third. Thus ended the finest trotting race we have ever seen in Nevada.

SUMMARY.

Time—2:37, 2:34, 2:32, 2:34, 2:39. Taken as a whole, yesterday furnished a good day's racing sport, and we never heard on a track less grumbling even from those who were damaged in the pool box.

## RENO'S GRAND BALL.

Fairs and races are the pleasant order of the day. Reno, asserting her claims, in her usual energetic and attractive way, proposes a ball for the benefit of her Pavilion Fund. Preparations for a splendid night are making. The time set for this entertainment is Thursday evening of this week. The price of admission is fixed at \$3. This admits one gentleman and as many ladies as he can induce to accompany him. Prof. Varney will furnish the music. That this will be a very brilliant and enjoyable affair nobody can doubt. Carson is herself interested in the very things which bestir Reno to this Pavilion Fund Ball. Why should not Carson help her sister by the gurgling Truckee? She will pour forth of her dancing armies, as we do most strongly believe. Let us invade the realm of the Renoite with intent to take captive her sweetest disciples of Terpsichore and lead them through the misty mazes of the waltz and quadrille, country dance and polka. Then shall we inherit and deserve reciprocity in our friendly rivalries, and there will be neighborhood and friendly competition in the visit.

## CALLENDER GEORGIA MINSTRELS.

The fame of the Georgia Minstrels had preceded them, and they were greeted by a crowded house last night. The performance was all that we had looked for, and more. Indeed, it is seldom that such exquisite minstrelsy is heard from any band of singers. The entertainment is so full of excellent points that we do not like to particularize. Such distinction might prove invidious, and where all are so worthy of praise it is not fair to mention some and be silent regarding others. Some of the melodies produced by these singers are scarcely less than rapturous. These artists go to Virginia from here. They will please the Virginians and win the most rapturous applause. We heartily commend them.

BRAD MOORE'S DUCKS.—At the Fair Grounds are to be seen those immense ducks owned and bred by our old friend Brad Moore. We have alluded to these magnificent birds before. They are the finest specimens of the duck family we ever saw. Persons desiring to obtain the eggs of these most desirable fowls (the best table ducks in the world), can obtain them of Mr. Moore; and any notice left at this office will reach him.

DAILY LIGHTNING EXPRESS AGAIN.—We are glad to announce that the prayer for a restoration of the daily lightning express train between San Francisco and Virginia City has been answered, and that the new and very desirable arrangement goes into effect to-day.

SAVED FROM A LIFE OF SHAME.—Word has come to us that a girl who came to town yesterday and took quarters with a frail sister was rescued thence by the timely interposition of good and true friends. Names are suppressed for obvious reasons.

HOME AGAIN.—Johnny, the popular V. & T. conductor, has returned from his trip to see the old folks on t'other side of the continent.

IN TOWN.—Charley Varian is in the city. He came over from Reno yesterday morning.

## MANUFACTURERS

OF THE BEST IMPROVED Trusses, constructed on scientific principles. A perfect retainer, combining ease and comfort.

CALIFORNIA ELASTIC TRUSS CO., 615 Sacramento st., San Francisco. Send for Illustrated Catalogue.

Recommended by the Medical Faculty of San Francisco.

SAN FRANCISCO, July 9, 1878.

CALIFORNIA ELASTIC TRUSS CO.: After practicing medicine many years in this city, during which time I have had an extensive experience in the application of all kinds of Trusses, I can and do recommend yours as the best in every respect, for it is as near perfection as modern science can make it. It has many advantages over the torturing steel hoop trusses, which inflict great injury on the hips and spine, bringing on other distressing ailments, such as lameness, morbid affections of the kidneys, and numbness in the lower limbs, all of which are avoided by wearing the California Elastic Truss. It is not only a perfect retainer, combining ease and comfort, but the pressure can be changed to any degree. It also remains in the proper place at all times, regardless of the motions of the body, and is worn night and day with perfect ease. It is superior to any of the Elastic Trusses now in the market, while it combines the merits of all. 1st.—It is easily adjusted on and off, with snaps, doing away with straps and buckles. 2d.—The universal spring between the plate and pad prevents all irritation, which is a common source of suffering. 3d.—The pad is adjusted on and off in an instant, and can be changed for any other size and form most suitable to the case. In fact, it combines every quality essential to comfort and durability, and is unequalled in lightness, elasticity, natural action and artistic finish. Many of my patients who are afflicted with the Kidneys are wearing them, and all shall in the future, for I think the great uses by which these purely scientific appliances are made efficacious, is truly remarkable. You can refer any parties to me on the subject of their merits. I remain, yours truly,
